# COLLECTIONS & RECOVERY

SUMMIT INDIA

**Digital-First Strategy In A  
Fast-Changing Landscape**

## POST EVENT REPORT

23<sup>RD</sup>- 24<sup>TH</sup> FEB, 2023

PRESIDENT, MUMBAI

Dear Guest,

On behalf of The Future Events, we would like to thank you for attending the debut edition of Collections & Recovery Summit – India 2023, hosted on 23rd – 24th February, 2023 at the Taj President Hotel, Mumbai.

The FinTech industry is confident of meeting the Reserve Bank of India's (RBI) November 30 deadline of implementing new digital lending norms on existing loans, but many firms face challenges in changing their existing business models and processes. RBI tightens norms for loan recovery agents. With companies still pacing through a recovery time, companies not only have to brace through these tough economic situations but also look at getting creative with their strategy with respect to recovery and collections. In the past few years there have been significant advancements in connectivity, support infrastructure, and digital awareness. The pandemic has helped push digital adoption at a much faster pace.

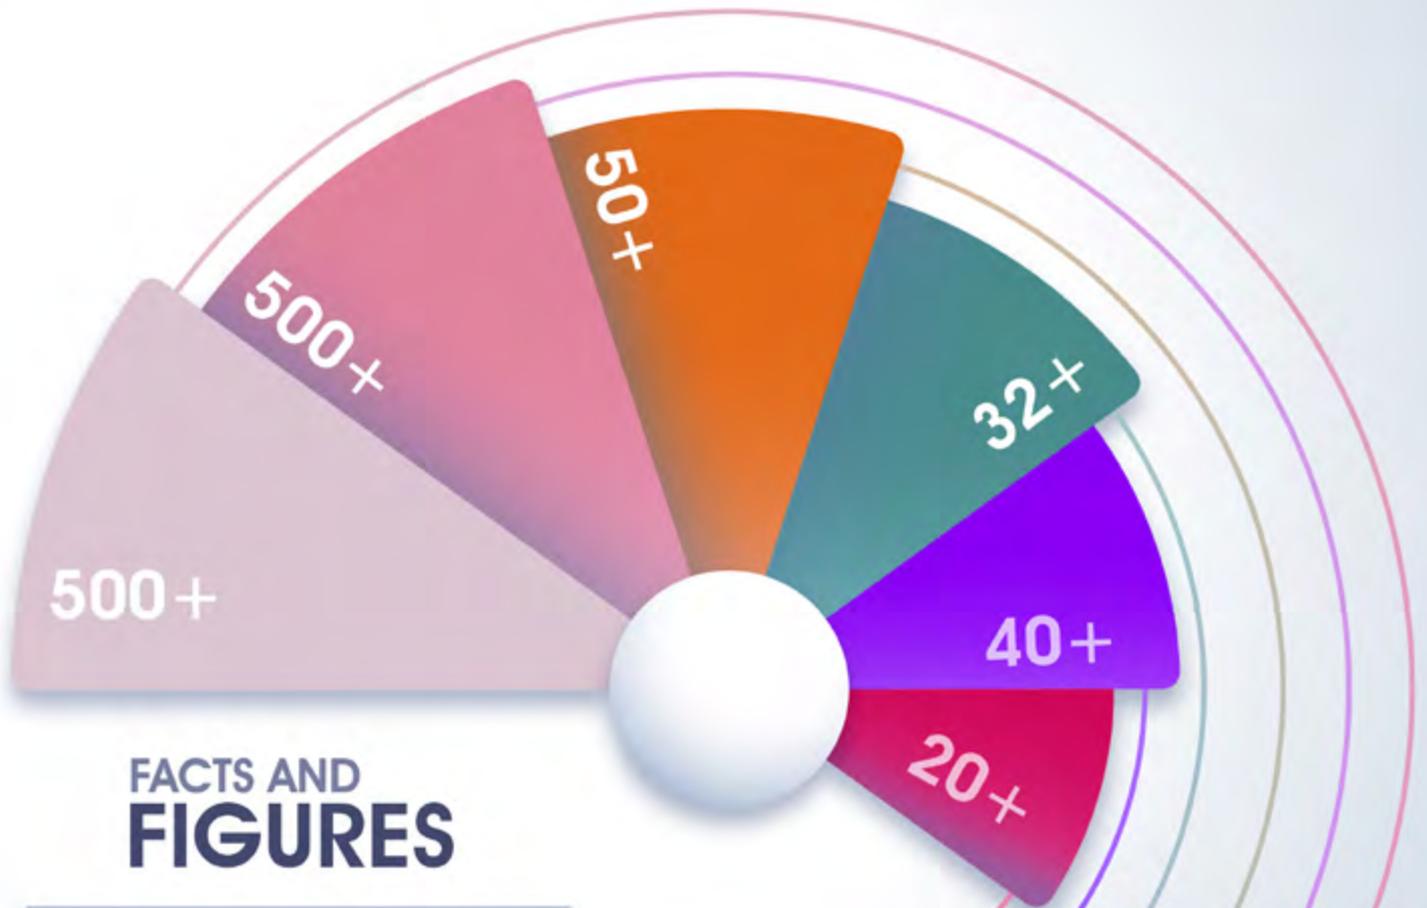

We hope this initiative offered you the opportunity to fully maximize your learning potential and encouraged you to take advantage of the extended networking opportunities, question & answer sessions, interactive panel discussions and in-depth presentations

We would also like to take this opportunity to thank our Partners for their association and support to make this event a great success. We hope that you are inspired and enjoyed the conference. We look forward to meeting you again in the future.

Best Regards,

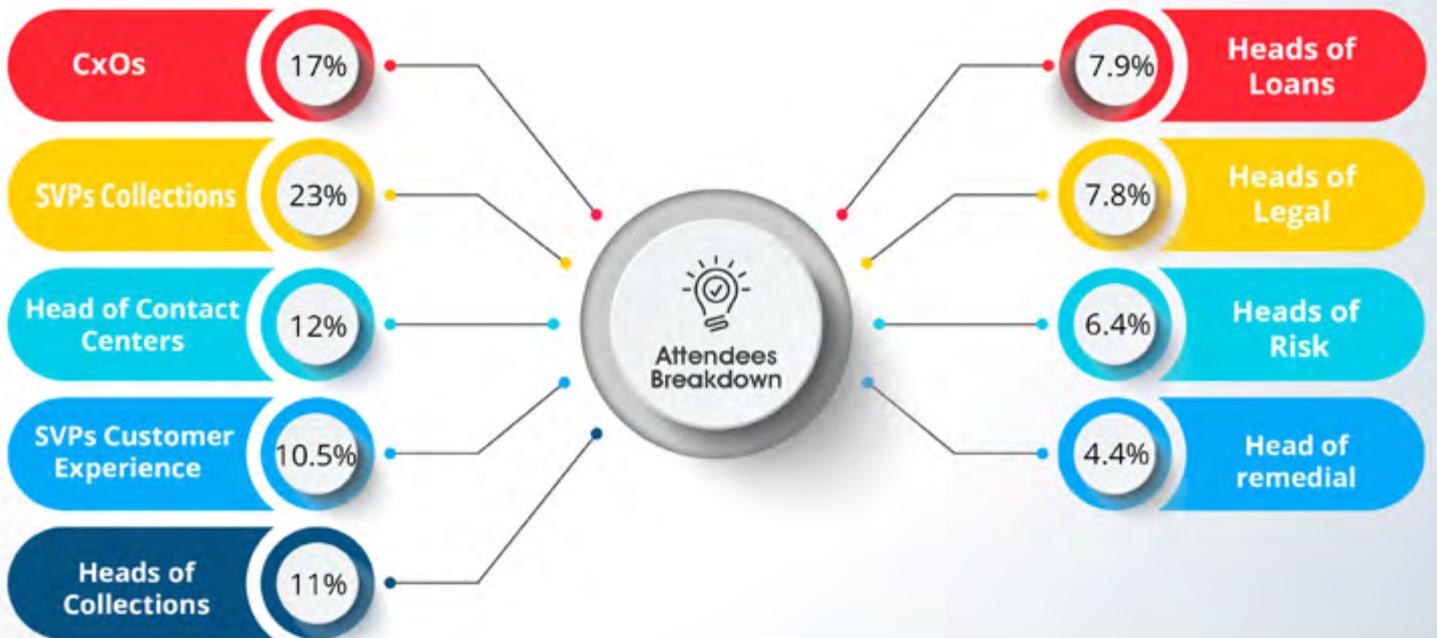

**The future event**<sup>®</sup>
